1. Permits, Change, Transfer, Renewal, Sale

The permit for this reclaimed site was renewed effective August 28, 2004 and expires August 30, 2008.

2. Signs and Markers

Signs with the required information were posted at the access to the reclaimed site. The fence at the entrance to the reclaimed area is damaged and is scheduled to be repaired. The fence along the base of the reclaimed fan portal will most likely be removed as it is no longer needed.

4.b Hydrologic Balance: Sediment Ponds and Impoundments

The main cell of the sediment pond was nearly full and Jacob's pond was also full. The ponds were inspected on 5/16/05 showing no signs of instability or erosion.

4.c Hydrologic Balance: Other Sediment Control Measures

Except for a minor amount of run off from snow melt, the grading on the county road above the reclaimed site has kept run off diverted into the drainage opposite the reclaimed area.

4.d Hydrologic Balance: Water Monitoring

Hard copies of the 1st and second quarter water monitoring data were available for inspection. The second quarter data was uploaded into the data base on 6/29/05. There were no anomalies or parameter exceedances.

4.e Hydrologic Balance: Effluent Limitations

DMR"s were current through May 2005 reflecting no discharge from the three celled sediment pond.

21. Bonding and Insurance

Liberty Mutual Insurance Company holds the \$641,443.00 bond. St. Paul Fire & Marine Insurance Company carries a \$500,000 general liability coverage that expires July 31, 2005.
